

# NADIF OMNI SOLUTIONS

## COMPANY PROFILE & SERVICES DOCUMENT

### 1. About Nadif Omni Solutions

**Nadifo.com** is the parent company and host of two main subsidiaries - all of which are active players in **Environmental sustainability**. First is **Nadif Omni Solutions** whose operations are based in Djibouti, and **EcoCare Waste Initiative** which is mainly an international community of youth environmentalists accros Easte and West Africa.

**Nadif Omni Solutions SARL** is a registered and reputable professional cleaning agency based in Djibouti.

Nadif Omni Solutions is the execution arm of Nadifo.com—turning bold sustainability ideas into on-the-ground results. From clean facilities and safe labs to circular waste systems and community training, we build practical solutions that raise standards of health, efficiency, and environmental stewardship across Djibouti and the Horn of Africa.

We blend field-tested operations, science-led methods, and local partnerships to deliver services you can measure: cleaner spaces, safer workflows, lower waste, and stronger teams.

We currently have small groups agents and operations in four districts/regions in Djibouti - Djibouti ville and Haramous, Damejorg, Arta, Ali-Sabieh and Tadjourah.

### 2. Mission of Nadif Omni:

*“To make sustainability real in Djibouti—clean, safe, and efficient operations for every site, every day.”*

Our mission is to help organizations in Djibouti manage health, safety, and the environment with world-class standards, adapted to local realities.

As the operational arm of Nadifo.com, Nadif Omni exists simply: To make sustainability operational—every day, in every site.

We exist to help institutions, companies, and communities in Djibouti run cleaner, safer, and more resource-efficient operations through our reliable services, transparent data, continuous training, adherence to strict standard operating protocols (SOPs) and repect for confidentiality.
